WASTE CHARACTERIZATION DECLARATION

Name of Generator: _____
(Please Print Clearly)

Address of Generator: _____

Name of Waste: _____

Source of Waste: _____

Approximate Amount of Waste (cubic yard): _____

The Generator listed above, by generator knowledge, confirmed by chemical and physical analysis, determined that the subject waste material (as named above) is not a hazardous waste by Oregon Department of Environmental Quality (DEQ) or US Environmental Protection Agency (EPA) criteria (ref.: OAR 340-101 and 40 CFR Subparts B-D, Part 261).

The Generator also determined that the above-listed waste material is not "Flammable," "Corrosive," "reactive," "Toxic," "EPA-Listed," or "DEQ-Listed," as defined in the above-referenced regulations.

The Generator assumes all environmental liabilities if this waste is later determined to be an EPA or DEQ hazardous waste.
